WISCONSIN BEEF SPECIAL EDITION ON MINERAL AND VITAMIN NEEDS FOR BEEF CATTLE SLATED FOR JANUARY 12TH

The UW Madison Division of Extension Beef Program Team will be hosting Dr. Stephanie Hansen, Iowa State University to present and discuss An Update on Mineral and Vitamin Needs for Beef Cattle. Mineral & vitamin nutrition is critical to the health and performance of beef cattle. Several supplement options exist, but they come at a cost. This session will cover the newest developments in mineral & vitamin nutrition recommendations and how to balance in your feeding program. The webinar is scheduled for 7 – 8:30 p.m. CT.

There is no charge to participate in this or other sessions, but pre-registration is required to get access to the session. Registration is done online at: go.wisc.edu/FarmReadyResearch. A listing of many UW Extension webinars is also found at this website. You may find other topics of value for your farm operation there as well. Extension recognizes that producers are receiving information for a lot of meetings this winter; the Farm Ready Research webinar website: is your place to find information about many UW-Madison Extension Agriculture programs.
